

Notebook Set Up Instructions

1. Using a pencil title the first page of your notebook "Table of Contents".
2. Use a pencil to finish the notebook set up.
3. Number each line of the first 4 pages with continuous numbers until you reach 180. Each new page of the Table of Contents will pick up where the previous page left off.
4. Stop numbering at the bottom of the 6th page no matter what.
5. The next right hand side is page #1. The back side is page #2 etc. Number each right hand page is odd; each left side is an even number.
6. Put the right side page numbers in the upper right hand corner and the left side numbers in the upper left hand corner.
7. Glue the Procedures and Expectations page on page 1 and these notebook instructions on page 2.
8. My notebook will be kept like yours. If you are absent, you may check your notebook with mine before or after school. You may also use a friend's notebook to catch up.
9. Notebooks will be checked at least once each nine weeks for completeness, organization, quality of work and visual appeal.
All class notes and assignments should be included even if you are absent.
